SOUTH SIDE NEWS

TEMPE

Horace B. Griffen, agent for Tempe, will care for news, subscriptions and advertising in the Tempe department. Office with A. Nielson & Co.

TEMPE BOARD OF TRADE
WILL MEET THIS WEEK

Downtown Office and Salaried Secretary Is Wanted

If the efforts of the leading citizens and business men of Tempe are to account for anything, this little town will at no far distant date boast a downtown board of trade office, where a secretary will be on duty at all hours of the day and where other features that are commonly found in connection with board of trade rooms of larger cities, will be located. This matter, that of providing more modern advertising literature for the Tempe district, and a proposition of arousing some kind of competitive interest along farming lines among the boys of the district, have been combined and regarded as a basis upon which to call a meeting of the Tempe board of trade for Thursday evening of this week.

The president, board of directors and others interested members of the organization have taken a sudden notion that Tempe should have regular board of trade rooms and a salaried secretary on duty in the interests of the town. And a good notion it is too. New literature, touching upon the more modern ranching and educational facilities that Tempe offers the homeseeker, is also to be gotten out at an early date pending the action of the commercial men at their coming session. The meeting of next Thursday evening is a joint-gathering of the board of trade members and those of the Merchants' Protective Association. It will be held at the city hall.

ENJOYABLE CLUB SESSION

The literary department of the Tempe Woman's club held a most interesting meeting Friday afternoon at the home of Mrs. W. G. Devore. No more fitting place could have been found for the subject of the afternoon, "Indian Arts and Crafts," in view of the large collection of Indian baskets and curios with which the interior of the Devore home is decorated. Mrs. Devore gave a very interesting and vivid talk on baskets, using a number of her handsome baskets to a good advantage as illustrations. She also gave the early history of basket making, telling about the origin and use of the first baskets made by the Indians. Her many beautiful Navajo rugs also illustrated the short talk given by Mrs. Howard Brown on Indian arts and crafts. Quotations from the Hopi and Navaho legends, giving more of their present life than the times when they were not such good citizens. She gave a very graphic description of the Hopi snake dance, relating the legend which led up to the dance. "The Educational Indian," topic assigned to Mrs. R. E. Dunlap, was not given for reason of her inability to attend. Quotations from Hawatha were given in response to roll call. Even the Balke curio store of Phoenix could well have been envious of the curio exhibits, baskets of all kinds, pottery both large and small, implements of warfare, a large supply of arrow points and Indian hatchets, rattles from dozens of diamond backed, and a number of very rare Indian pictures. The head exhibit was loaned by Dr. Capps of the Southern Indian reservation of Colorado; head mocassins, bags, most beautiful belts, watch fobs, gloves, rope, collars, napkin rings, willows and bracelets made by the Chippewas of the White Earth reservation, being represented in the collection. The next literary meeting

of the Woman's club will be held at the home of Mrs. Howard Brown. The story of Lohengrin with music will be given at that time.

LOST—Breast pin, with diamond center, between high school and post-office. Return to Annie J. Gibney, high school, or Casa Loma hotel, Tempe. Reward.

LADIES' AID, TEA

The monthly tea of the Ladies' Aid Society of the Congregational church was held Wednesday afternoon of last week at the home of Mrs. J. H. Newton. Mrs. Newton was assisted in serving by Mrs. Ernest Schmidt and Mrs. C. C. Wolf. Doughnuts and coffee were served. Owing to ill health Mrs. C. H. Dains, the newly elected president of the society has been forced to resign. In her stead Mrs. J. H. Newton was unanimously elected. The Easter bazaar of the aid society will be held on Wednesday, April 15. The next meeting of the society will be held at the home of C. C. Cash on the fourth of next month.

NO GAME, AS USUAL

Once more rain has caused a postponement of the expected ball game between Tempe Normal and High School teams. Rain started falling early yesterday morning and by noon a steady downpour was in vogue lasting practically all of the rest of the day. Where once a baseball diamond existed nothing was in sight yesterday afternoon but a miniature lake. The next scheduled attraction along baseball lines is set for Tuesday evening of this week when the normal and Mesa high nines will fight it out on the local diamond for supremacy.

HE'S ENJOYING IT

Telegraphic communications received from A. J. Matthews, president of the Tempe normal, who left a week ago tonight for the east, tells of fine times there. The trip to Washington, D. C., where Mr. Matthews spent the remainder of the week, was really a good time without encountering rain, snow or any other bothersome features that might act as an impediment to travel. At the convention of the Knights of Pythias being held in the capital city this week, many important sessions have participated in by Mr. Matthews, possibly chief of them all being the reception and banquet tendered Friday evening by President Wilson to the visiting lodge delegates. Mr. Matthews intended to leave last night for Richmond, Virginia, where this week will be spent in attendance at the sessions of the National Superintendents' Association.

CONGREGATIONAL CHURCH

Services for today at the First Congregational church of Tempe. Charles H. Dains, pastor. The pastor will speak morning and evening. At the evening service, the fourth in the series of sermons to men will be given on the theme, "The Power of Memory." Sunday school convenes at 10 o'clock. C. C. Cash is superintendent.

BAPTIST CHURCH TODAY

The Baptist church offers the following services for today: Sunday school at 10 o'clock this forenoon. Morning worship with sermon by the pastor, N. A. Coxey on the subject, "A Good Reckoning" at 11 o'clock. The evening theme is "The Owner's Mark." The B. Y. P. U. will meet at 6:45. All are cordially invited to attend any of these services.

CLUB REUNION

A pleasant social gathering took place at the home of Mr. and Mrs. Fred Patterson on Friday evening in honor of Mrs. Carl Schmidt of Muscatine, Iowa, who spent several months at this place several years ago and who is again here visiting relatives and friends. As a social mission, the gathering brought about a partial reunion of the membership of the at one time highly popular Clover Leaf club of Tempe. Those present at the affair of Friday evening were: Miss Laura Schmidt, Miss Irma Schmidt, Mrs. Carl Schmidt, Carl Kunz, Mr. and Mrs. Herbert Baldu, Mr. and Mrs. R. W. Nichols, Mr. and Mrs. Normant Windes and Frank E. Empey.

T. N. S. HOP

No less than 250 students of the Tempe Normal school and their guests enjoyed the regular monthly dance given under the auspices of the student body in the gymnasium Friday evening. With good music, a good floor, and an especially sociable crowd, the affair turned out to be the usual success.

MESA'S CONTRIBUTION TO
THE NEWS OF THE DAY

MUSICAL RECITAL

The Young Ladies' Mutual Improvement association is making preparations for the musical recital to be held in the Majestic theater some time during the first part of March. The services of Professor Stucal of Phoenix already have been secured. The professor already has an enthusiastic class of violin pupils in the city and it is understood that a number of these will take part in one or two of the selections. In addition to the violin selections, it will be the first appearance here of Oscar Kirkham, the celebrated tenor of Salt Lake city. Mr. Kirkham has been heard by a number of Mesa residents and he is spoken of in terms of highest praise. He comes here primarily to reintroduce the boy scouts' enthusiasm. In addition the program will include a selection by Mrs. Smith, a reader now in Mesa, but who comes very highly recommended and whose interpretation of "The White Silhouette" is said to be splendidly executed. While the greater part of the program will be executed by outside talent, yet the selections will be interspersed by the work of local talent.

CHICKEN FANCIERS MEET

The South Side Chicken Breeders' association met yesterday afternoon in the commercial club rooms. The meeting was not well attended on account of the steady downpour which continued throughout the latter part of the evening. However, those present were very enthusiastic and the start was made for a very successful organization. The plans were outlined for a chicken show to be held at this place. It may be deferred until early in the next year but there is a possibility that it can be held yet this spring. At any rate a chicken show has been deemed an essential to arousing the proper enthusiasm in the Mesa section.

BALL PLAYERS HERE

The Gilbert baseball team, which had a game with Tempe yesterday, got as far as this place when the game was called off on account of the rain. The Gilbert team is very anxious to get a game with grammar schools or freshman high school teams.

RAINFALL APPRECIATED

The report yesterday to the effect that the water had risen two feet in the reservoir yesterday over the preceding day and that the flood was still coming down the Salt was received with considerable welcome by the farmers and business men alike. Throughout the day yesterday the rainfall continued. The flood water is in all southside canals with the exception of the Eastern, below the cleaning camps. A dam has been placed across the Eastern at lateral 3 1/2 and several heads are running through that canal. The farmers are taking advantage of the low price of flood water and are giving their land a good soaking.

EVANS SCHOOL REPRESENTED
 The Evans school sent representatives to the state tennis tournament yesterday. The following took part in the contest: A. G. Bartlett, Wm. Swift, W. Allen, S. Kalser and T. A. Morgan. Four years ago a young man by the name of Hackett of the Evans school won the state tournament.

PURCHASED CATTLE

Gurley & North yesterday purchased twenty-five head of cattle from Clayton Whitehead and seventy-five head from C. E. Howard.

VERDE FLOODS

Alva T. Hill, the father of Louis C. Hill, who resides at Granite Reef was a visitor in the city yesterday. Mr. Hill is of the opinion that the Verde is a peculiar stream as is evidenced by the present flood. He states that the water comes down over the dam nearly two feet in depth and that it will then recede a foot, then rise again to the two-foot mark.

VISITED SUPERIOR

O. S. Stapley and C. F. Brackett visited Superior Friday. They left Mesa at about 8:00 o'clock and visited Superior and from there to Florence and returned to Mesa in the evening. The gentlemen are very enthusiastic over the prospects for increased trade relations with the active little mining camp. They are of the impression that the road can be put in shape for a small amount and that the freight can be diverted through Mesa.

EGGS TAKE DROP

The poultry men are complaining of the sudden drop in eggs within the last few days. They are receiving 17 1/2 cents per dozen and states that they were receiving thirty cents per dozen a few days ago.

SERIES TO BE SEEN HERE

The "What Happened to Mary" series of motion pictures has been secured by Manager Monheim of the Majestic and will show the first picture tomorrow evening. The series will be run for twelve weeks at intervals of one week apart. The

patrons of the Majestic are considering themselves very fortunate in being able to see this celebrated line of pictures at this time.

SHEARING COMMENCES MONDAY

A power clipping machine has been installed at Desert Wells, seven miles east of town and on Monday will commence shearing the Mesquite flock. It is understood that a contract for the shearing of 19,000 sheep at this place has been secured.

TOBACCO IN BLOOM

C. W. Baldwin, who has been making a specialty of fancy tobacco growing for the past several years, is firmly convinced that this climate offers advantages over that of Kentucky. Mr. Baldwin has several samples of fine Turkish tobacco on exhibit at the commercial club rooms. He has tobacco in bloom at the present time and contemplates planting twelve varieties of tobacco next season.

HERE FROM LOS ANGELES

Ralph D. White, a retired wholesale jeweler formerly of Chicago, with his daughter, Mrs. Lola Lanchart and children, have arrived in the city from Los Angeles to make their home. They are temporarily residing on West Second avenue but expect to buy a home in or near Mesa.

PROTECTS RURAL COMMUNITIES

One of the new wrinkles is a fire fighting motorcycle that is being exhibited at the Grand Rapids, Mich. show. His machine carries two chemical tanks, a fire lantern, axe and reel of hose. This makes a very valuable outfit for emergency fire fighting, especially in small towns. In many rural communities volunteer firemen are already equipping themselves with motorcycles on which to reach the scene of the fire quickly. And with the addition of fire fighting

HOLDS U. S. RECORD
FOR ONE-DAY FLIGHT

Silas Christofferson in his aeroplane.

Silas Christofferson, the San Francisco aviator, last week made a new record for a single day's aerial flight. He flew from San Francisco to Lerdo, Cal., a distance of 302 miles, in seven hours and fifty-five minutes, with two stops. The longest previous day's flight by an American was made by Murvin Woods last year, when he flew from New York to Washington, a distance of 280 miles, in five hours and seven minutes, with one stop.

apparatus, many of the disastrous fires in the country should be avoided.

PHILIPPINE MOTORCYCLING.

Joseph Ester of Quincy, Ill., who is contemplating a world-wide motorcycle tour, has just received a letter from F. A. M. Commission Theodore Siddall of the Philippines, calling of motorcycle conditions on the islands. Siddall says that although most of the islands are hilly and have very poor roads, there are about 400 motorcycleists there. Mr. Siddall is himself an enthusiastic rider and has visited many of the islands.

places that are accessible on the two-wheeler.

ANOTHER BUNCH OF 'EM

Then the creation of a Committee on Woman Suffrage will provide another chairmanship, with all the perquisites and comforts thereto appertaining.—Washington Post.
